

Stark County Board of Developmental Disabilities

Transportation Procedure 052 Route Travel Time	Effective: 9/1/2015
Chapter 5: Program Services	Page 1 of 1

Route Travel Time

As per the Ohio Administrative Code 3301-51-10 (D1) the Transportation Department is responsible for establishing its own reasonable travel time. Travel time is defined as beginning at the initial pick-up of the student/individual and ending with the final arrival at the school/workshop destination. The Transportation Department has established its travel time standard to be no more than 90 minutes.

Ref: ODODD 5123:2-1-03

Although a maximum time is established, this does not prevent the Transportation Department from designing routes that are substantially less in travel time in order to accommodate health and safety concerns. Travel times will include such factors as age of students, disabilities, geographic area served, traffic patterns and road conditions, and location of schools and workshops.
