NAME

*Javier, Andrew & Matt*

PASSION

*Working*

## Our Story

Andrew, Javier and Matthew began their employment with Outback Steak House following their participation in a vocational habilitation training program through Life Bridge Services.

Life Bridge Services, located in Canton, Ohio contracts with local companies to provide hands-on training opportunities within those companies. Participants experience different jobs and perform a variety of tasks. Training sites enable participants to see first-hand the type of work involved in that field, which assists them in determining jobs best suited for them.

When Outback Steak House had a need for employees, they hired these three men who were involved in the training program at their site. Andrew, Javier and Matthew went through the interview and hiring process in order to secure their positions, but were already familiar with the job, employees and facility.

Life Bridge Services continues to work extensively in Individual Employment Supports and Job Development.
