NAME

Stacy Edwards

PASSION

Teaching Sports

## My Story

I grew up in Canton attending Canton City schools, and began playing Basketball in elementary school with the Boys Club of Canton, where my team came in second place for the division. Once I got into middle school I began playing for the school district and continued to play all the way through high school years while attending Timken, playing both Forward and Center positions. I also played volleyball and coached a summer youth league. Now I love having the opportunity to coach Special Olympics basketball, bowling and softball.

After graduation I worked in home health care, I but wanted to have a position where I had more of an impact on my community. Fate lead me to the board where I love the opportunity I now have to make a difference and fulfill my passion. I began my career with the board as a bus rider. I have worked hard and studied to obtain my CDL and am now a Bus Driver for the transportation department. I feel like this is where I should have been a long time ago.

As a transportation employee I advocate by getting involved in the programs and promoting others to attend our events. In the future I would love to see more events scheduled to give our individual more hands-on opportunities within the community.
