

How will **contact tracing work** at Stark County Board of Developmental Disabilities

The Stark County Health Department will take the lead on contact tracing with any CONFIRMED positive COVID-19 cases involving Stark County Board of Developmental Disabilities students in school programs and employees. Here is how the process will work:

Person A

Confirmed case - self-isolate until at least 24 hours have passed with no fever without use of fever-reducing medications, AND at least 10 days have passed since symptoms first appeared, AND symptoms have improved.

Person B

Contact of a case - was within 6 feet of an infected person for at least 15 minutes, then Person B must stay home and monitor symptoms. If a casual contact of a confirmed case, self-isolation should take place for 14 days after their last contact with the confirmed case.

Person C

Contact of contact - should stay home or monitor symptoms only if Person B has developed symptoms or tests positive for COVID-19.

Why is the Stark County Health Department contacting me?

Once you are a confirmed case, the health department is notified and will call to help track your sickness. They can offer education and guidance while monitoring symptoms.

IF CONTACTED BY THE HEALTH DEPARTMENT, PLEASE ANSWER OR CALL THEM BACK.

**Stay social
Stay safe**

Wash Up

Mask Up

**Back Up
6 feet**

**Stay Home
when sick!**

If the Stark County Health Department confirms a positive COVID-19 case to the Stark County Board of Developmental Disabilities, parents, caregivers and employees will receive communication from Stark DD with guidelines, recommendations and directions. The Board will make the determination, in collaboration with the health department on the need to transition to all virtual learning or the closure of buildings.
